AWNING**

**VERY LARGE SUN  
PROTECTION**

6 metres

3.50 metres

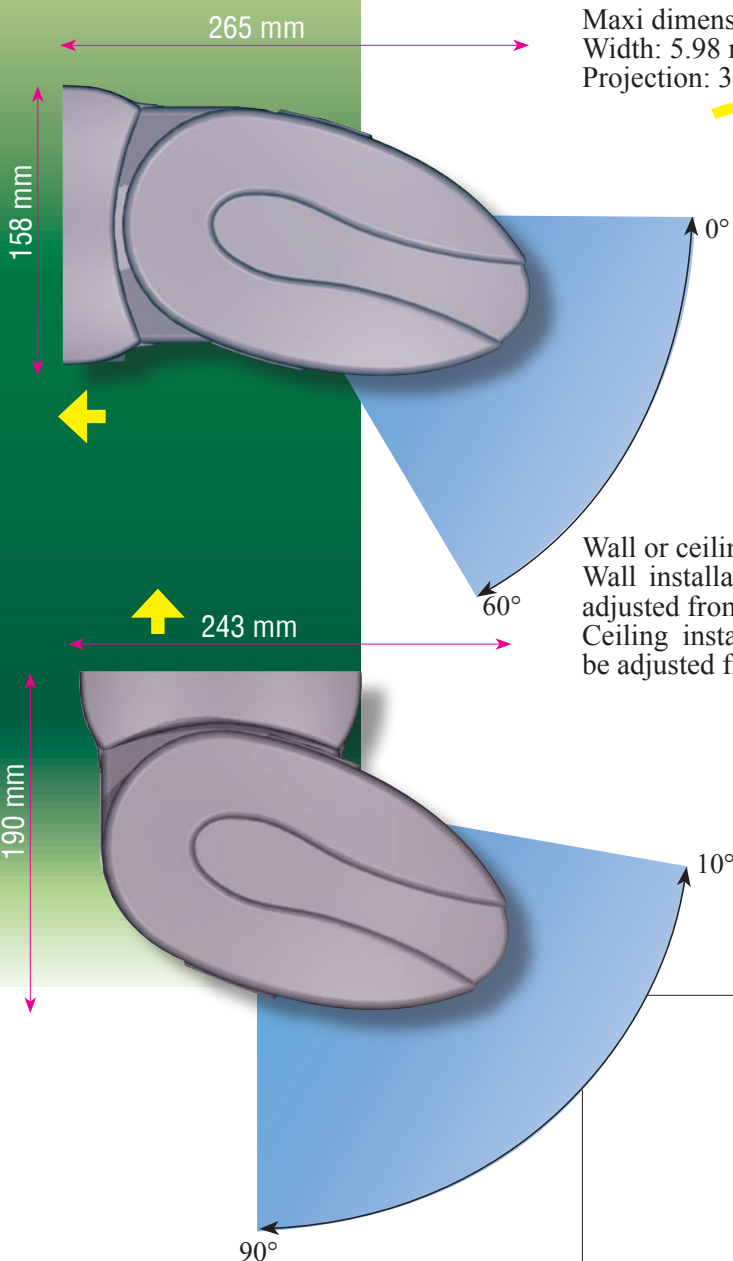

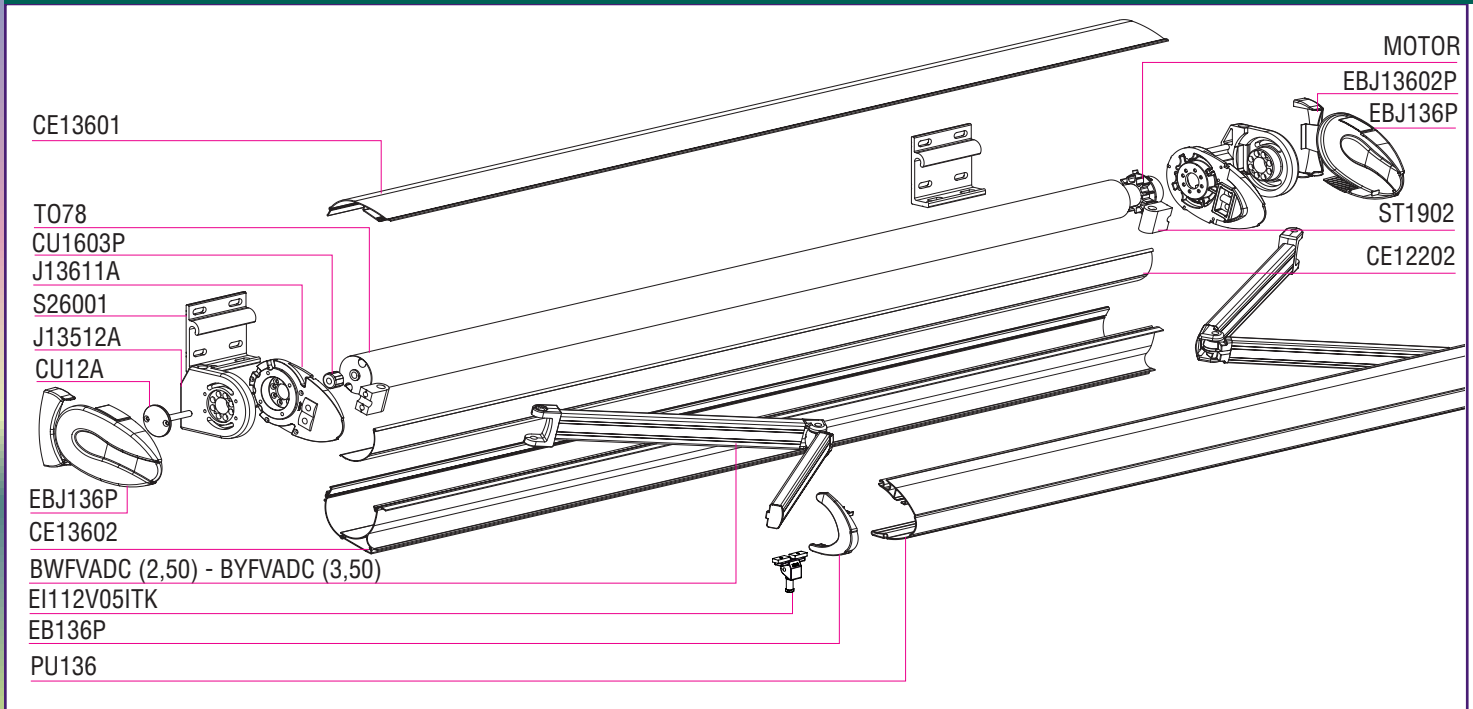

**ADVANTAGES :**

- Aesthetics
- Wall or ceiling fixation
- Better arm pitch adjustment
- Easy to motorise
- Total protection of the fabric in the closed position

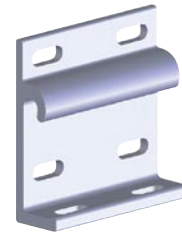

Closed position

# 136 CASSETTE AWNING

**Maxi dimensions**  
 Width: 5.98 metres  
 Projection: 3.50 metres

**Installation:**  
 the fixation supports in extruded aluminium ensure an easy and quick installation of the awning. You just lift the awning, hang it on the main supports and screw both end cheeks.

**Aesthetics:**  
 the end caps hide all screws.

**Finishing:**  
 the cassette consists in two sections; this ensures the complete powder coating inside and outside.

Wall or ceiling installation.  
 Wall installation: the pitch can be adjusted from 0 to 60°.  
 Ceiling installation: the pitch can be adjusted from 10 to 90°.
